CONCURRING OPINION (by B. Forcade):

I concur in this matter due to concerns about the pretreatment issue. The Illinois Environmental Protection Agency ("Agency") had requested a condition in the variance to require the City of South Beloit to participate in the Agency's pretreatment program (Rec. February 9, 1987). That request preceded the Amended Variance Petition of March 9 and the hearing of March 11. The Board has not been informed as to whether the Agency's position on the pretreatment condition was changed by information in the amended petition or produced at hearing. If the Agency still believes the facts justify a variance condition requiring pretreatment program participation, they should file for reconsideration.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Concurring Opinion was submitted on the 17th day of June, 1987.
