HEARING OFFICER ORDER

On September 15, 2005, all parties participated in a telephonic status conference with the hearing officer. The respondent represented that it has voluntarily ceased operation of the chillers from 10 p.m. to 7:00 a.m. The respondent further represented that, and by agreement of the complainants, that it will order and install different size fans for the chiller in an attempt to resolve the above-captioned matter. It was suggested that ordering and installation may take up to 8 weeks, perhaps more. The respondent represented that after installation, further tests need to be run for any possible adverse affects that the low sound fan option may have.

The parties are directed to file a written status report on November 10, 2005.

The parties or their legal representatives are directed to participate in a telephonic status conference with the hearing officer on November 17, 2005, at 11:00 a.m. The telephonic status conference must be initiated by the complainant, but each party is nonetheless responsible for its own appearance. At the status conference, the parties must be prepared to discuss the status of the above-captioned matter and their readiness for hearing.

IT IS SO ORDERED.

A handwritten signature in black ink, reading "Bradley P. Halloran", is written over a solid horizontal line.

Bradley P. Halloran
Hearing Officer
