 Petitioner,)
)
 v.) PCB 87-56
)
 ILLINOIS ENVIRONMENTAL)
 PROTECTION AGENCY,)
)
 Respondent.)

ORDER OF THE BOARD (by J.D. Dumelle):

This matter comes before the Board upon a June 29, 1987 Petition for Variance filed by the Mt. Vernon Association, Inc. (Mt. Vernon). Mt. Vernon requests a variance from provisions set forth in the Board's Opinion and Order of November 21, 1985 in the case of PCB 84-84. However, the Board finds this petition still deficient in that it fails to include:

1. The quantity and types of materials used in the process or activity for which the variance is required and full description of the particular process or activity in which the materials are used;
2. Data describing the nature and extent of the present failure to meet the numerical standards or particular provisions from which the variance is sought and a factual statement why compliance with the Act and regulations was not or cannot be achieved by the required compliance date;
3. A detailed description of the existing and proposed equipment or proposed method of control to be undertaken to achieve full compliance with the Act and regulations, including a time schedule for the implementation of all phases of the control program from initiation of design to program completion and the estimated costs involved for each phase and the total cost to achieve compliance;
4. An assessment, with supporting factual information, of the environmental impact that the variance will impose on human, plant and animal life in the affected area, including, where applicable, data describing the existing air and water quality which the discharge may affect;

5. Past efforts to achieve compliance including costs incurred, results achieved, permit status.

Unless an amended petition curing the above-noted defects is filed within 45 days, this matter will be subject to dismissal.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 16th day of July, 1987 by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
