 Respondent. )

ORDER OF THE BOARD (by J. Anderson):

This amended petition was filed June 10, 1985, in response to the Board's more information Order of May 2, and satisfies most of those concerns. However, question #2 was:

"The compliance schedule of paragraph nine indicates that construction of pretreatment facilities will be completed October 30, 1985. Will the Village of Mt. Morris begin accepting Kable's effluent discharges on that date?"

This question has not been answered. Paragraph seven of the petition refers the Board to Exhibit K, which is not a commitment by the Village, but is a proposal by Kable. This information is necessary for Board assessment of the length of any variance to be granted; if connection is to occur in October, 1985, why is variance requested until June, 1986?

If an amended petition addressing these issues is not filed within 45 days of the date of this Order, this petition will be subject to dismissal.

IT IS SO ORDERED

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 27<sup>th</sup> day of June, 1985, by a vote of 6-0.
