ORDER OF THE BOARD (by J.D. Dumelle):

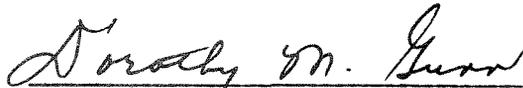

This matter comes before the Board upon a petition for variance filed on behalf of Western Illinois Power Cooperative, Inc. on October 24, 1985 and a motion to dismiss the petition filed on behalf of the Illinois Environmental Protection Agency on November 1, 1985.

The motion to dismiss is hereby denied. The Board finds the petition for variance deficient in several areas pursuant to 35 Ill. Adm. Code 104.121. Specifically, Western Illinois Power Cooperative, Inc. should submit more information regarding the cost of compliance with the effluent standard of 35 Ill. Adm. Code 304.125, an assessment of the environmental impact on the receiving canal, alternative measures for achieving compliance and a full and adequate compliance plan.

Unless this additional information is filed with the Board within 45 days of this Order, this proceeding is subject to dismissal.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 7th day of November, 1985 by a vote of 7-0.
