ORDER OF THE BOARD (by J. Anderson):

On March 19, 1981 the Board granted James Noble a variance from Rule 962(a) of Chapter 3. On October 6, 1981 the Board received a letter from Noble indicating that he is considering a suggestion to change the orientation of the building and to extend it onto a yet-to-be purchased adjoining lot, in order to protect the occupants from nearby noise.

The Board construes this letter as a motion for reconsideration of its March 19, 1981 Order, which is denied as untimely. A petition for variance which complies with the requirements of Procedural Rule 401 should be submitted to the Board prior to any construction which is not in accordance with the plans submitted to the Board in PCB 80-215.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 8th day of October, 1981 by a vote of 5-0.

Illinois Pollution Control Board
