ORDER OF THE BOARD (by J. Marlin):

On November 2, 1987, Illinois Power Company (Illinois Power) and the Illinois Environmental Protection Agency (Agency) filed a Joint Motion for Remand of the Contested Permit and Stipulated Permit Conditions. This motion was also presented at hearing which was held on November 24, 1987. Specifically, the motion requests that the Board remand this matter back to the Agency with the order that the Agency amend the permit, it previously issued to Illinois Power, such that the amended permit will be consistent with the stipulated permit conditions. The stipulated permit conditions are the result of settlement discussions held between Illinois Power and the Agency.

The Board hereby remands this matter back to the Agency. However, the Board is not taking a substantive position with respect to the stipulated permit conditions.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 17th day of December, 1987, by a vote of 6-0.
