

ILLINOIS POLLUTION CONTROL BOARD

October 27, 1982

IN THE MATTER OF: )  
 )  
REVISIONS TO 35 ILL. ADM. CODE ) R82-27  
101.101 - 107.101 )  
(PROCEDURAL RULES "UP DATE") )

ORDER OF THE BOARD (by J. Anderson):

In the process of codifying its Procedural Rules, the Board determined that a certain amount of "up date" of existing rules would be in order, and that new rules should be drafted to implement recent legislation, including SB 172 and the Regulatory Flexibility Act. Initiation of this contemplated rulemaking proceeding has been delayed pending receipt of sufficient printed copies of the codified Procedural Rules to allow for meaningful public participation in this revisory process. As copies of the codified rules are now available this docket is hereby opened.

The Board is in the process of developing a draft revision for public comment (and hearing, if such is deemed necessary). As citizens groups, environmental law practitioners, the organized bar, and the Board's Hearing Officers have already evinced considerable interest in an up date proceeding, the Board finds it appropriate to solicit input prior to issuance of a first draft. In the interest of expediting this proceeding, comments and draft rules received by December 6, 1982 will be considered for incorporation into the Board's initial draft.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 27<sup>th</sup> day of October, 1982 by a vote of 5-0.
