OPINION AND ORDER OF THE BOARD (by J. Anderson):

This provisional variance request comes before the Board upon a January 7, 1988 Recommendation of the Illinois Environmental Protection Agency [Agency]. The Agency recommends that a 30-day provisional variance be granted to Petitioner, Trail Mobile, Inc., from 722.134(b) and Section 37 of the Illinois Environmental Protection Act, thereby allowing the Hazardous Wastes to remain on-site in excess of the 90-day limitation imposed by Section 722.134. The Agency has found that compliance with Section 722.134(b) would impose an arbitrary or unreasonable hardship and recommends that Petitioner be granted the requested Provisional Variance.

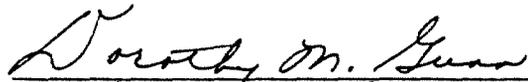

Petitioner, Generator I.D. #ILD052670734, had scheduled pick-up with their waste hauler Van Waters and Rogers on December 21, 1987 and December 28, 1987. Van Waters and Rogers was unable to accommodate Petitioner on those dates due to lack of storage capacity. Petitioner has now scheduled a pick-up for January 6, 1988 and expected pick-up to be completed on that date.

The Board hereby grants Petitioner a 30-day provisional variance pursuant to Section 722.134(b) from December 30, 1987 to January 29, 1988.

IT IS SO ORDERED.

Board Member J. Marlin was not present for the vote.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Opinion and Order was adopted on the 7th day of January, 1988, by a vote of 5-0.
