ORDER OF THE BOARD (by J.D. Dumelle):

On April 1, 1987, the Ecko Glaco Corporation (Glaco) filed a petition to extend a prior variance. Glaco requests that the Board extend and modify the variance granted on January 8, 1987, for a new pan line from February 15, 1987 until November 1, 1987. Glaco further requests that the Board extend and modify the variance for the used pan line from June 27, 1986 until April 1, 1988. The Board finds that the April 1, 1987, petition for variance extension is deficient in that it fails to include:

- 1) any indication as to whether the Board may grant the requested relief consistent with the Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal regulations adopted pursuant thereto (i.e. whether the requested extension conflicts with the Clean Air Act's compliance deadline of December 31, 1987) as required by 35 Ill. Adm. Code 104.122;
- 2) a detailed description of the existing and proposed equipment or proposed method of control to be undertaken to achieve full compliance with the Environmental Protection Act and regulations, including a time schedule for the implementation of all phases of the control program from initiation of design to program completion and the estimated costs involved for each phase and the total cost to achieve compliance, as required by 35 Ill. Adm. Code 104.121(f); and
- 3) an explanation as to the necessity of the April 1, 1988 compliance date in light of the offset to be provided by the new pan line scheduled for compliance on or by November 1, 1987.

Unless and amended petition curing the above-noted defects is filed within 45 days, this matter will be subject to dismissal.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 16th day of April, 1987 by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
