ORDER OF THE BOARD (by J. Anderson):

On June 9, 1982 the Board received copies of two letters sent by Potomac to the Agency. In one letter, Potomac challenges the reclassification of its wastewater treatment plant from Group 4 to Group 2. In the second, it petitions for variance from Rule 1201 of Chapter 3: Water Pollution, to allow a Class 4 operator to operate its plant, noting that if the Agency's plant reclassification decision is reversed that variance would be unnecessary.

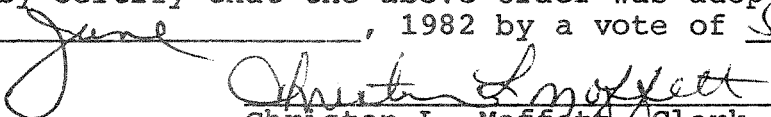

The Board can take no action on the reclassification request. The Board construes the letter concerning the treatment plant operator as a petition for Board variance. This petition fails to contain much of the information required by the Board's Procedural Rule 401.

The Clerk is therefore directed to serve a copy of the Procedural Rules upon Petitioner along with a copy of this Order, and Petitioner is directed to file an amended petition in conformance with Procedural Rule 401. Petitioner's attention is specifically directed to Procedural Rule 401(b), which requires that hearing either a) be specifically requested, or b) be unconditionally waived, and if so waived that the petition be accompanied by an affidavit attesting to the truth of the facts alleged.

If an amended petition curing these deficiencies is not filed within 45 days of the date of this Order, this petition will be subject to dismissal.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 10th day of June, 1982 by a vote of 5-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
