Respondent.)	

ORDER OF THE BOARD (by B. Forcade):

On September 14, 1987, Waste Management, Inc. filed a motion to extend time. That motion requests an extension until October 14, 1987, for Waste Management to respond to the January 20, 1987, Illinois Environmental Protection Agency (Agency) motion to modify the Board's November 26, 1984, Order. With some modifications, that motion is granted.

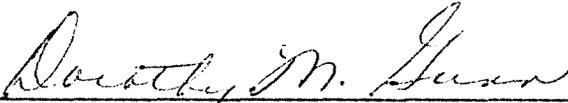

Waste Management requested until October 14, 1987, to reply. That would leave the Board inadequate time to review the reply in time for the October 15, 1987, Board meeting. Consequently, the Board will move the response date back to Friday, October 9, 1987. Also, should Waste Management seek an additional extension of time to reply, it must inform the Agency not later than October 5, 1987. The Agency is requested to state its position on any such extension not later than October 9, 1987.

The Board last considered the facts of this case in 1984 and is not aware of how present circumstances might differ. Thus, as a second modification, the Board orders the parties to file a status report not later than October 9, 1987. That report should briefly indicate whether any portion of the ESL facility is presently accepting solid, special or hazardous wastes. If so, the report should briefly explain what portion is receiving what type of wastes. The status report may be either a brief joint document or brief individual filings.

IT IS SO ORDERED

Board Members Joan Anderson and J. Theodore Meyer dissented.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 17th day of September, 1987, by a vote of 4-3.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
