ORDER OF THE BOARD (by J. D. Dumelle):

On February 29, 1984, the Village of German Valley filed a petition for variance and on March 16, 1984, filed an amended petition for an extension of variance presumably in response to the Board's Order of March 8, 1984 requesting additional information. The amended petition is deficient in the following respects.

First, the petition fails to cite the docket number of the variance proceeding for which an extension is requested.

Second, while the amended petition incorporates the record, opinions and orders of the variance proceeding for which extension is requested (presumably PCB 82-75), the petition still fails to indicate whether German Valley has fully complied with all conditions of that variance and presents only very scanty information regarding progress toward compliance.

Unless the Village files within 45 days of the date of this Order an amended petition curing the above-noted defects, the petition will be subject to dismissal.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board hereby certify that the above Order was adopted on the 21st day of March, 1984 by a vote of 6-0.
