 PROTECTION AGENCY, )  
 )  
 Respondent. )

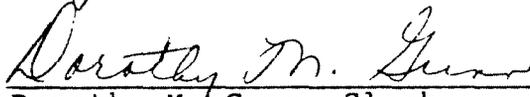

ORDER OF THE BOARD (by B. Forcade):

On February 22, 1988, the Dow Chemical Company ("Dow") filed a petition for variance, seeking relief from certain air pollution control regulations. That petition is deficient in that it fails to contain a plan for ultimate compliance with the Act and Board regulations. The intention to file a future proposal for regulatory relief does not constitute an adequate compliance plan. In addition, Dow does not specify the term for which variance relief is sought.

Unless an amended petition curing the above defects is filed within 60 days of today's Order, this matter will be subject to dismissal.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 25<sup>th</sup> day of February, 1988 by a vote of 6-0.
