INTERIM ORDER OF THE BOARD (by J. Anderson):

The issues involved in this permit appeal are inter-related with those in the PCB 85-171 variance case decided by the Board today, the filing of the variance case having been responsive to the Board's Interim Order of September 20, 1985 in this case. Absent an additional waiver, decision in the permit appeal is due on June 5. Prior to deciding this case, the Board wishes the parties to reevaluate the permit appeal in light of the Board's decision in PCB 85-171 and to advise the Board to what extent, if any, issues in the permit appeal are mooted or otherwise altered as well as the parties' positions on such issues. Consistent with the June 5 decision deadline, EEI's response to this Order shall be filed on or before May 16, and the Agency's response on or before May 27. In the event that EEI waives the decision deadline, the parties may apply to the Hearing Officer for extension of this briefing schedule.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Interim Order was adopted on the 9th day of May, 1985, by a vote of 7-0.
