 Respondent.)

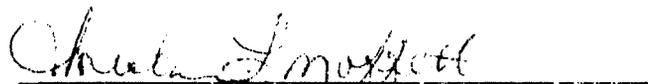

CONCURRING OPINION (by J. Anderson):

I do feel it is an unwise precedent to fail to impose even a small penalty for these violations, especially when an admitted violation results from failure to timely control unauthorized disposals. The purposes of the Act would have been better served by imposition of at least a nominal penalty, although Caterpillar's past record of corporate response provides assurance that it will fully comply with this Order.

Therefore, I concur.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Concurring Opinion was filed on the 6th day of December, 1982.
