 v.) PCB 89-72
)
 ILLINOIS ENVIRONMENTAL)
 PROTECTION AGENCY,)
)
 Respondent.)

ORDER OF THE BOARD (by J. Anderson):

On April 21, 1988, Olin Chemicals (Olin) filed a petition for variance that is informationally deficient in a number of respects, including:

The petition lacks a compliance plan; reliance on a successful outcome of a yet to be filed site-specific rule change is insufficient. Also, the petition is generally deficient in that it lacks the applicable information required by the Board's procedural rule 35 Ill. Adm. Code 104.121.

The petition must also indicate whether the Board may grant the requested relief consistent with federal law. See the Board's procedural rules 35 Ill. Adm. Code 104.122(a) and (d).

Unless an amended petition is filed within 45 days of the date of this Order, curing the above-noted defects, this matter will be subject to dismissal.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 27th day of April, 1989, by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
