) v.) PCB 83-49
) 83-55
)
 ILLINOIS ENVIRONMENTAL PROTECTION AGENCY,)
)
) Respondent.)

ORDER OF THE BOARD (by J. D. Dumelle):

When a variance petition and a petition for an alternative standard pursuant to Rule 204(g) have been filed as a single document, the Board has separately docketed the petitions. CPC International, Inc. v. IEPA, PCB 82-153, CPC International, Inc. v. IEPA, PCB 83-11; Olin Corporation v. IEPA, PCB 83-44, and Olin Corporation v. IEPA, PCB 83-46. In this instance, the two petitions were simultaneously filed. The variance is assigned PCB 83-49, and the alternative standard request is docketed as PCB 83-55. As in the cases cited above, the same hearing officer will be assigned to the variance petition and the alternative standard request, and the parties are free to successively schedule the hearings necessary to both.

Hearing is neither waived nor requested by Petitioner on this Variance Petition filed April 13, 1983. Petitioner alleges that should variance from Chapter 2: Air Pollution Rule 204(f) be granted, it will not necessitate an amendment to the State Implementation Plan (SIP). Petitioner does not explain this allegation. Perhaps it is based upon a belief that the parallel request for an alternative standard pursuant to Rule 204(g) is more properly the SIP amendment, should it be granted in PCB 83-55. However, in the event that final action in that matter is delayed, it is possible that the variance will have to be submitted to the United States Environmental Protection Agency. Therefore, on its own motion the Board orders that hearing be set in this matter.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 21st day of April, 1983 by a vote of 4-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
