

ILLINOIS POLLUTION CONTROL BOARD
November 3, 1983

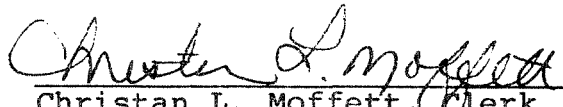

In the Matter of:)
)
STAGE II VAPOR RECOVERY)
CONTROLS AT GASOLINE) R83-17
DISPENSING STATIONS)

ORDER OF THE BOARD (by J. D. Dumelle)

On September 8, 1983 the Board entered an order including preliminary draft rules for the imposition of Stage II vapor recovery controls and requesting public comment and alternative proposals to be submitted within 60 days of that order. On October 20, 1983, the Illinois Petroleum Industry Stage II Vapor Recovery Task Force filed a motion for extension of the comment period for an additional 90 days citing ongoing studies which could impact the Board's consideration of this matter. On November 2, 1983 the Illinois Environmental Protection Agency (Agency) filed a response to the motion which supports the extension for different reasons, most notably the possible preparation of an alternative proposal to be filed by the Agency. Additionally, substantial public interest has been shown in this proceeding by the number of comments filed. For these reasons, the Board hereby extends the deadline for preliminary public comment until 90 days from the date of this Order.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 3rd day of November, 1983 by a vote of 5-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
