

ILLINOIS POLLUTION CONTROL BOARD  
June 17, 1999

IN THE MATTER OF: )  
 )  
RCRA SUBTITLE D UPDATE, USEPA ) R99-14  
REGULATIONS ) (Identical-in-Substance  
(July 1, 1998, through December 31, 1998) ) Rulemaking - Land  
 )

Proposed Rule. Dismissal Order.

ORDER OF THE BOARD (by G.T. Girard):

Pursuant to Section 22.40(a) of the Environmental Protection Act (Act) (415 ILCS 5/22.40(a) (1996)), the Board would normally propose amendments to Illinois regulations that are "identical in substance," as defined at Section 7.2 of the Act, with the United States Environmental Protection Agency's (USEPA) amendments to the municipal solid waste landfill (MSWLF) rules adopted pursuant to Sections 4004 and 4010 of Subtitle D of the federal Resource Conservation and Recovery Act of 1976, as amended (RCRA Subtitle D). The Board reserved this docket for USEPA amendments during the period from July 1, 1998, through December 31, 1998.

During the covered update period, the USEPA did not amend its 40 C.F.R. § 258 RCRA Subtitle D MSWFL regulations in any way that would require Board action. Only the following action occurred during the update period:

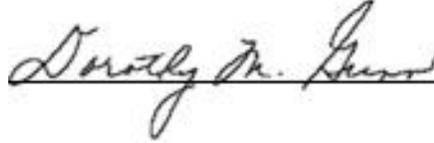

In a final rule published on October 23, 1998, (63 Fed. Reg. 57025) USEPA adopted requirements for state Subtitle D permit programs. USEPA will determine the adequacy of the state permit program. States must have authority to impose certain requirements for MSWFL units and for nonmunicipal, nonhazardous waste disposal units that receive conditionally exempt, small quantity generator waste.

No further Board action is necessary based on this federal amendment.

For the foregoing reason, no action is necessary at this time, and the Board hereby dismisses this proceeding.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 17th day of June 1999, by a vote of 7-0.

A handwritten signature in cursive script that reads "Dorothy M. Gunn". The signature is written in black ink and is positioned above a solid horizontal line.
