ORDER OF THE BOARD (by J.D. Dumelle):

This matter comes before the Board upon an October 1, 1985 petition for extension of variance filed on behalf of Meyer Steel Drum, Inc. (Meyer). That petition is deficient in that it fails to present data regarding plant emissions and fails to discuss the environmental impact of those emissions. This might be cured through the incorporation of the record, opinion and order of the prior proceeding (along with any information updating the earlier record), or by submitting new information.

Unless Meyer files an amended petition within 45 days of the date of this order curing the above-noted defects, the petition will be subject to dismissal.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 10th day of October, 1985 by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
