ORDER OF THE BOARD (by J. Anderson):

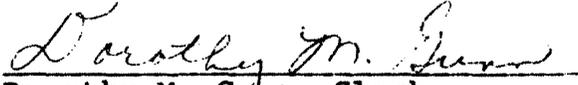

These three actions are citizen suits relating to the same alleged failure to issue boil orders following water pressure drops at a public water supply. PCB 84-149 was filed September 24, 1984, PCB 84-521 was filed October 5, 1984, and PCB 84-153 was filed October 4, 1984.

The Board finds that the complaints are not frivolous. While the Board could find that PCB 84-152 and PCB 84-153 are "duplicitous" of the complaint in PCB 84-149, the Board believes the better course is to consolidate the actions, which it hereby does on its own motion. The matter will be set for hearing.

The Board suggests that the complainants may wish to designate a "lead person" for purposes of presenting this case at hearing; this is not required, however.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 25th day of October, 1984 by a vote of 5-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
