

ILLINOIS POLLUTION CONTROL BOARD  
July 21, 1982

IN THE MATTER OF: )  
)  
AMENDMENTS TO TITLE 35: )  
ENVIRONMENTAL PROTECTION; SUBTITLE C: ) R81-23  
WATER POLLUTION; CHAPTER I: )  
POLLUTION CONTROL BOARD (AMMONIA NITROGEN) )

FINAL ORDER OF THE BOARD (by J.D. Dumelle):

Second Notice in this matter expired on July 14, 1982 when the Joint Committee on Administrative Rules issued its "Certification of No Objection to Proposed Rulemaking" regarding the rules as proposed in the Board's Proposed Rule/Second Notice Opinion and Order of June 17, 1982. The Board hereby adopts the rules, as proposed in that Order and adopts the June 17, 1982 Opinion as its final Opinion in this Matter.

The Board notes that a correction was made to the draft Opinion and Order which had been adopted by the Board at the June 17 meeting when it was discovered that the equation for calculating un-ionized ammonia [§302.212(d)] and the table which was derived from it were in error. That error was discovered prior to dissemination to the public and was corrected prior to such dissemination. However, an uncorrected copy had been sent to the Joint Committee which recommended that the equation be corrected. Since that has already been done, the rules adopted by this Order are as they appear in the Second Notice Order and as approved by the Joint Committee.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Opinion and Order were adopted on the 21<sup>st</sup> day of July, 1982 by a vote of 5-0.

Christan L. Moffett  
Christan L. Moffett, Clerk  
Illinois Pollution Control Board
