

ILLINOIS POLLUTION CONTROL BOARD  
January 9, 1986

IN THE MATTER OF THE PETITION )  
OF THE CITY OF CLINTON AND THE )  
CLINTON SANITARY DISTRICT FOR ) PCB 85-216  
EXCEPTION TO THE COMBINED SEWER )  
OVERFLOW REGULATIONS )

ORDER OF THE BOARD (by J.D. Dumelle):

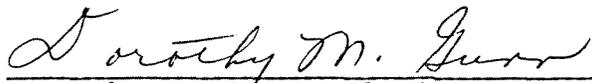

This matter comes before the Board upon a December 30, 1985 Petition for Exception to the Combined Sewer Overflow Regulations filed on behalf of the City of Clinton (City) and the Clinton Sanitary District (CSD). The Board finds that the petition is deficient in several areas.

Specifically, the City and CSD should submit more information on the present justification for the exception pursuant to 35 Ill. Adm. Code 306.361 (b), (c) and (d), the environmental impact of the Combined Sewer Overflows, and a timetable for construction of Alternative A should the exception be granted and whether the ownership issue will impede the construction. Also, more information should be submitted on whether any enforcement actions have been initiated against the City or CSD or if there has been any non-compliance with variances granted to the City or CSD. Lastly, the Board notes that it does not have the authority to order the Illinois Environmental Protection Agency (Agency) to give CSD a grant for a water quality study. Such a request should be directed to the Agency.

Unless this additional information is filed within 45 days of this Order, this matter is subject to dismissal.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 9<sup>th</sup> day of January, 1986 by a vote of 7-0.
