

ILLINOIS POLLUTION CONTROL BOARD
May 19, 1983

IN THE MATTER OF:)
)
AMENDMENTS TO CHAPTER 2: AIR POLLUTION;) R82-12
PART III: AIR QUALITY STANDARDS;)
RULE 313 (Lead))

Proposed Rule. Second Notice.

ORDER OF THE BOARD (by J.D. Dumelle):

On June 10, 1982 the Board proposed the adoption of Rule 313 of Chapter 2: Air Pollution which would establish an ambient air quality standard for lead and the measurement method to be used for determining conformance with that standard (47 PCB 289). On February 24, 1983 the Board adopted a Proposed Rule/First Notice Order which modified the language establishing the measurement method so as to allow equivalent methods to be used in addition to the method described in 43 Fed. Reg. 46258-46261. First Notice was published in Ill. Reg. #13, Vol. 7 (March 25, 1983). The First Notice period has now expired and no public comments have been received.

The Board, therefore, proposes Rule 313 for Second Notice in the same form as it appears in the First Notice, except that the Federal Register citation has been changed to the Code of Federal Regulation's citation of 40 CFR 50, Appendix G (1982) for ease of reference.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 19th day of May, 1983 by a vote of 4-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
