

ILLINOIS POLLUTION CONTROL BOARD
October 23, 1986

CITY OF OTTAWA,)
)
 Petitioner,)
)
 v.) PCB 86-179
)
 ILLINOIS ENVIRONMENTAL)
 PROTECTION AGENCY,)

ORDER OF THE BOARD (by B. Forcade):

On October 14, 1986, the City of Ottawa filed a Petition for Variance seeking relief from Standards of Issuance for new permits and from Restricted Status as they pertain to limitations on combined Radium 226 and 228. That petition is deficient in that it fails to provide:

Sufficient information on the pumping rates of the wells, blending capacities and distribution system to allow the Board to determine whether blending could be used to reduce the contamination levels and additional information on past levels of radium sampling and analysis or a statement that no additional data exist.

Unless an amended petition is filed within 45 days of the date of this Order, curing the above-noted defects, this matter will be subject to dismissal.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 23rd day of October, 1986, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
