## INFORMATION SERVICES AVAILABLE FROM THE BOARD

See the inside of this page for details on informational items available from the Board. These items include a subscription service for Board opinions and orders and copies of the landfill regulations in electronic format.

The Board also maintains an electronic Bulletin Board System (BBS) at 312-814-1590. There is no charge for access to the BBS. See the inside of this page for details.

## **RULEMAKING UPDATE**

### **NEW SOURCE REVIEW RULES PROPOSED FOR SECOND NOTICE, R92-21**

On March 11, 1993, the Board proposed for Second Notice certain amendments to the air permitting rules that govern review of major modifications or construction of air pollution sources in Illinois. The proposal addresses construction and operation permitting for new or modified major stationary sources in nonattainment areas.

The proposal represents one segment of Illinois' ultimate submittal of a complete State Implementation Plan (SIP) to the U.S. Environmental Protection Agency. Pursuant to Section 182(a) of the Clean Air Act, as amended in 1990, Illinois was to have adopted and submit its plan by November 15, 1992. The Agency filed its rulemaking proposal on November 13 pursuant to Section 28.5, the Board proposed the rules for First Notice on November 19, and the proposal appeared in the *Illinois Register* on December 11, 1992. See *Environmental Register*, issue 461 (Dec. 2, 1992).

The Board held public hearings on January 6 and February 5, 1993, and the Agency, several representatives of the regulated community, and other interested persons participated--both at hearing and through public comments. The Board observed that there was agreement between the parties on major portions of the proposed rules, and that the participants had negotiated the changes from First Notice prior to final briefing. The Board estimated that the impact of the federal CAAA-required amendments embodied in the proposal on any particular source could range from negligible to \$6500.00 per ton of reductions for offsets and controls, depending on the particular circumstances.

The Second Notice period will end on April 26, 1993, and the Joint Committee on Administrative Rules (JCAR) will consider the proposed amendments at its April 13 meeting. After the Board receives a Certificate of No Objection from JCAR or the Second Notice period ends, it will be free to adopt the proposed amendments. For additional information contact Marie E.

Tipsord, at 312-814-4925. (Please refer to docket R92-21.)

### **STAY DENIED IN WATER TOXICS PROCEEDING; ADDITIONAL HEARINGS SET, R92-8**

By an order dated March 11, 1993, the Board denied a motion for stay filed and joined by several representatives of the regulated community. The Agency and the proponents opposed the February 3 motion.

Several members of the regulated community sought to stay the proceedings during the pendency of an appeal to the Illinois Supreme Court, in *Granite City Div. of National Steel Co. v. PCB*, No. 72850, and until USEPA adopts guidance implementing the Great Lakes Water Quality Initiative. *Granite City Steel* is an appeal from the appellate court's affirmance of the water toxics amendments made in dockets R88-21(A) and R88-21(B)). The federal guidelines, which would necessitate the states' adoption of water quality standards and procedures, was due by Congressional mandate in June, 1992.

The Board found neither a sufficient basis for delay. The appellate court has already affirmed the rules now under review by the supreme court, and the issues on appeal involve only a "mere fraction" of the rulemaking proposal in this proceeding. As to the prospective adoption of federal guidance, the Board found that the record indicated no time-frame for USEPA adoption. Finding that the Board was "preempted" from regulating an area also under federal scrutiny prior to the promulgation of the federal action would "unacceptably delay resolution of Illinois issues." The Board believed that the proponents should have an opportunity to proceed and assemble a record in this matter.

The Board has set two additional hearings in this matter for mid-April in Chicago. This is to allow the proponents

ENVIRONMENTAL INFORMATION SERVICES  
AVAILABLE FROM THE BOARD

The Board has the following information available:

**POLLUTION CONTROL BOARD ELECTRONIC BULLETIN BOARD SYSTEM (BBS).** The Pollution Control Board operates an electronic BBS at 312-814-1590. The BBS is available 24 hours a day, 7 days a week, to anyone with access to a computer and a modem - there is no charge for access to the BBS. The best communications settings are 8 data bits (or data length 8), no parity (or parity = none) and 1 stop bit, i.e., 8-N-1. The best terminal emulation is ANSI-BBS or just ANSI. The BBS contains Board Agendas, Environmental Registers, Annual Reports, and various documents about the Board. You may download these documents to your computer. For additional information contact Bill Forcade at the Board Offices 312-814-3620.

**SUBSCRIPTION SERVICE OF BOARD OPINIONS AND ORDERS.** The subscription service comprises all the Opinions and Orders issued by the Pollution Control Board in a fiscal year (July 1 through June 30). The Board meets approximately twice monthly in order to issue Opinions and Orders.. Usually no later than the end of each month, a volume is issued containing the Opinions and Orders of the Board from the preceding month.

**HARD COPIES OF BOARD OPINIONS AND ORDERS FOR FISCAL YEAR 1992** (July 1, 1991 through June 30, 1992) **ARE AVAILABLE FOR IMMEDIATE DELIVERY.** The cost is \$350.00 per set.

Two formats will be offered starting July 1 of this year (FY93): a hard paper copy for \$350.00 per year and an electronic version for \$275.00 per year. The electronic version will consist of Opinions and Orders in the WordPerfect 5.1 format on either 3.5" or 5.25" inch diskettes. The electronic format will allow for word searches and other useful tools provided by the WordPerfect software.

When ordering, please specify the choice of either the hard copy or electronic version. If ordering the electronic version, please specify 3.5" or 5.25" diskettes.

**ILLINOIS LANDFILL REGULATIONS.** Adopted in August, 1990, the Illinois landfill regulations are among the most advanced in the nation. The Board has made the text of the regulations and the supporting documents available on diskette (5.25"-1.2MB or 3.5"-1.44MB) in Wordperfect 5.1 format. The cost is \$100.00 per set. Contact Joe D'Alessandro, at the address below, for copies.

**SUPPLEMENTAL REVISIONS TO RCRA UPDATE, R92-10**

The Board issued a supplemental opinion and order on March 11, 1993 to make a minor correction to a certain provision in the latest RCRA update, adopted January 21. The action was based on informal communications between USEPA and Board staff. Also based on that communication was reaffirmation of the Board's approach to certain issues involved in adapting the federal amendments involved in the update docket. For additional information contact Morton F. Dorothy, at 217-333-5575. (Please refer to docket R92-10.)

**FOR YOUR INFORMATION**

**BOARD IMPOSES SANCTIONS AGAINST COUNSEL FOR DISREGARDING HEARING OFFICER ORDER, PCB 92-156**

In its January 21, 1993 order in *Citizens Against Regional Landfill v. the County Board of Whiteside County*, PCB 92-156, the Board granted a motion for sanctions against the attorney for Citizen's Against Regional Landfill (CARL) for failing to follow the hearing officer's order and filing a brief not supported by evidence. On March 11, 1993, the Board granted reconsideration of the sanctions and affirmed that the sanctions were appropriate considering the circumstances involved in the proceeding.

Counsel for CARL had submitted a complete deposition transcript to the Board and had extensively referenced this transcript in his brief, despite a hearing officer order to the effect that the hearing officer would review the transcript and submit only a portion to the Board. The Board found this attempt to circumvent the

hearing officer's ruling as warranting sanctions.

The Board also reviewed the billing statement submitted by Waste Management and determined that the amount of the statement should be reduced. The Board found that the amount of time specified for preparing the reply brief was not reasonable compared to the time required to prepare the motion to strike. The Board also found that the billing statement was not specific enough for the Board to determine the exact relationship between some of the listed services and the motion to strike. The Board ordered the attorney for CARL to pay sanctions in the amount of \$2697.50 within 30 days of the order.

**RECENT ADDITIONS TO BBS SYSTEM: FULL TEXT OF PROCEDURAL RULES AND CITIZEN ENFORCEMENT AIDS**

The Board has recently made two additions to the electronic bulletin board system (BBS). These are the creation of two new files: "Procedural Matters", presently containing the full text of the Board's procedural rules, and "General Information", presently containing certain aids for citizens seeking to enforce the Environmental Protection Act before the Board.

First, as to the files section called "Procedural Matters", see Files Section 12. This section contains the full text of the Board's procedural rules. The procedural rules files are broken down by regulatory part, and include: Part101.wpf (General Provisions), Part102.wpf (Regulatory Proceedings), Part103.wpf (Enforcement), Part104.wpf (Variances), Part105.wpf (Permit Appeals), Part106.wpf (Hearings pursuant to Specific Rules), Part107.wpf (Repealed), Part120.wpf (Trade Secrets), and PROC-TOC.wpf (a table of contents file for all the procedural rules). The official version of the Board's procedural rules is maintained at the office of the Secretary of State. The Board is not responsible for any errors or omissions contained in this electronic version.

Second, as to the information placed to help citizens in enforcement actions, see Files Section 1, "General Information". This now includes the file ENFORCE.WPF, the information letter sent by the Clerk of the Board to any citizen interested in filing a formal or informal citizen complaint. The letter describes generally the citizen enforcement process and includes the up to date list of pro bono attorneys who may be willing to represent citizens without charge before the Board. In the future, the Board may add additional public participation information to this section of the BBS.

**BOARD MEMBER DELIVERS TALKS ON BALD EAGLES, ACCEPTS INVITATION TO CONSULT WITH GUATEMALAN GOVERNMENT ON ENVIRONMENTAL ISSUES**

During January 1993, Board Member Dr. G. Tanner Girard gave evening and Saturday slide presentations on Illinois Bald Eagles to three different community groups in the Alton area. Prior to his Board appointment, Dr. Girard conducted field research on Bald Eagles in Illinois and Florida.

Dr. Girard has also accepted an invitation to provide *pro bono* consultation to the National Commission for the

Environment of Guatemala. In that capacity, Dr. Girard will be consulting with Commissioner Michael Dix on setting regulatory priorities for the handling of toxic wastes in Guatemala. Dr. Girard was a visiting professor in Guatemala in summer 1988.
