AMERICAN BRICK COMPANY)

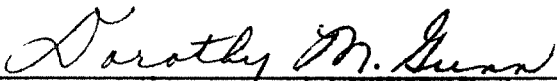

ORDER OF THE BOARD (by J. D. Dumelle):

This matter comes before the Board upon a December 26, 1984 petition for site-specific emission limitation for sulfur dioxide and particulate matter for American Brick Company's Chicago-Dolton Plant. That petition does not include the "language of the proposed regulation" as required by 35 Ill. Adm. Code 102.120(a) or "a petition signed by at least 200 persons" as required by 35 Ill. Adm. Code 102.121(a). However, the petition otherwise complies with the filing requirements.

The Board will docket the proposal and will waive the 200 signature requirement, but will not schedule hearings to consider the petition until proposed language is filed.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 10th day of January, 1985 by a vote of 5-0.
