CONCURRING OPINION (by W.A. Marovitz):

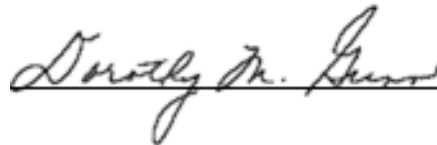

I respectfully concur with today's majority opinion. I agree with the outcome of the case, but have a question regarding the penalties. In stipulations the People and respondents agree to a penalty amount that they present to the Board. In future stipulations, I would like the parties to provide further explanation enumerating how they developed the agreed upon penalty. For example in this case, Robinson Engineering, Ltd., agreed to pay a \$38,000 penalty and City of Chicago Heights agreed to pay a \$20,000 penalty. How were those figures reached?

For this reason, I respectfully concur.

William A. Marovitz
Board Member

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, certify that the above concurring opinion was submitted on November 7, 2002.
