

ILLINOIS POLLUTION CONTROL BOARD
March 24, 1983

IN THE MATTER OF:)
)
NEW SOURCE REVIEW OF MAJOR) R81-16
SOURCE CONSTRUCTION AND MAJOR) DOCKET B
MODIFICATION IN NON-ATTAINMENT)
AREAS)

RESOLUTION AND ORDER OF THE BOARD (by I. G. Goodman):

On July 21, 1982 the rules proposed for new source review of major source construction and modification in non-attainment areas were ordered to First Notice. These rules were then published in the August 6, 1982 Illinois Register, in accordance with Section 5.01(a) of the Administrative Procedure Act. Since the beginning of First Notice, the Economic Impact Study was received by the Board. Public hearings on the same and on the merit issues arising out of the NRDC v. Gorsuch decision were held. This information, along with that previously in the record, has now been incorporated into a draft Board Opinion and Order.

Due to the possibility that growth sanctions may be imposed pursuant to the Clean Air Act for failure to have final rule for New Source Review, it is the Board's intention to proceed to Second Notice and adopt Final Rules as soon as possible. Despite the time constraints this causes, the Board is interested in considering comments on the Order and Opinion proposed for Second Notice. Therefore, it is resolved that a draft Opinion and Order in this matter be circulated among the participants of record and other persons so requesting.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Resolution was adopted on the 24th day of March, 1983 by a vote of 5-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
