HEARING OFFICER ORDER

On December 16, 2021, all parties participated in a telephonic status conference with the hearing officer. The petitioner reported that the parties have negotiated terms for a revised permit. It appears that the 45-day review of the permit has concluded. If further review is not required and the USEPA does not object to the permit, it is anticipated that petitioner will be filing a motion to partially lift the stay and remand the appealed permit to the Illinois Environmental Protection Agency in January 2022.

The petitioner stated that it will file an additional waiver of the statutory decision deadline to and including June 30, 2022.

The parties or their legal representatives are directed to participate in a telephonic status conference with the hearing officer on March 17, 2022, at 9:30 a.m. The telephonic status conference must be initiated by the petitioner, but each party is nonetheless responsible for its own appearance. At the status conference, the parties must be prepared to discuss the status of the above-captioned matter and their readiness for hearing.

IT IS SO ORDERED.
