Respondents.)

ORDER OF THE BOARD (by J. Anderson):

On February 19, 1986, the County filed a motion for its dismissal as a respondent, which motion is denied at this time. While the Board agrees that the County cannot provide any relief to Bravo-Ernst, allowing the County to remain as a nominal respondent will insure that a) the County receives service of all filings and orders in this matter, and b) has full rights to participate in this matter. This may be necessary since petitioner's discharge will be treated at the County's Lisle-Woodridge plant.

On March 5, Bravo-Ernst filed a motion for a 22 day extension of the time for its filing of an amended petition. The Board construes the request as containing a pro tanto waiver of the decision period, and therefore grants leave to file an amendment on or before March 31.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 14th day of March, 1986, by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
