 v.) PCB 87-127
)
 ILLINOIS ENVIRONMENTAL)
 PROTECTION AGENCY,)
)
 Respondent.)

ORDER OF THE BOARD (by B. Forcade):

On August 14, 1987, the City of East Moline filed a Petition for Variance, seeking relief from various NPDES effluent standards. That petition is deficient in that it fails to provide:

1. A detailed description of the proposed equipment or proposed method of control to be undertaken to achieve full compliance with the Act and regulations, including a time schedule for the implementation of all phases of the control program from initiation of design to program completion and the estimated costs involved for each phase and the total cost to achieve compliance. The intention to file a request for regulatory relief does not constitute a compliance plan; and
2. In the event that East Moline files an amended petition along with a request for site-specific regulatory relief, the amended petition for variance must contain a plan for compliance in the event the regulatory relief is denied.

Unless an amended petition is filed within 45 days of the date of this Order, curing the above-noted defect, this matter will be subject to dismissal. East Moline states in paragraph 17 that the site-specific regulatory proposal will be filed when the necessary supporting signatures are obtained. East Moline is free to file the regulatory proposal with a motion to waive the necessary supporting signatures.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 20th day of August, 1967, by a vote of 6-0.

Dorothy M. Gunn 10/67
Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
