OPINION AND ORDER OF THE BOARD (by J. Van Wie):

On April 17, 2023, the Office of the Attorney General, on behalf of the People of the State of Illinois (People), filed a five-count complaint against Inland-Frycek, Inc. (IFI) and 969 Northwest Hwy LLC (969 LLC). The complaint concerns property owned by 969 LLC that is a former gasoline station located at 969 Northwest Highway in Park Ridge, Cook County (Site). IFI is an environmental remediation consultant and practitioner that assisted in remediation of residual petroleum contamination at the Site in 2019. The People and 969 LLC have entered into a stipulation and settlement, leaving only IFI as a respondent in this matter.¹ The People and IFI now seek to settle without a hearing. For the reasons below, the Board accepts the parties' stipulation and proposed settlement.

Under the Environmental Protection Act (Act) (415 ILCS 5 (2022)), the Attorney General and the State's Attorneys may bring actions before the Board to enforce Illinois' environmental requirements on behalf of the People. *See* 415 ILCS 5/31 (2022); 35 Ill. Adm. Code 103. In this case, the People allege that IFI violated the Act and Board Waste Disposal Regulations as follows:

- Count I: Causing or allowing the open dumping of waste by causing or allowing the dumping and discarding of calcium peroxide at the Site, and failing to remove the waste until compelled to by the Village of Park Ridge's ordinance enforcement, in violation of Section 21(a) of the Act (415 ILCS 5/21(a) (2022)).
- Count II: Disposing of and abandoning waste at a site not permitted for the disposal of waste in violation of Section 21(e) of the Act (415 ILCS 5/21(e) (2022)).
- Count III: Failing to evaluate or characterize the waste generated on or about July 17, 2019 to determine whether it was special waste in violation of Section

¹ *See* People v. Inland-Frycek, Inc. and 969 Northwest Hwy LLC, PCB 23-112 (Feb. 15, 2024).

808.121(a) of the Board Waste Disposal Regulations (35 Ill. Adm. Code 808.121(a)) and Section 21(d)(2) of the Act (415 ILCS 5/21(d)(2) (2022)).

Count IV: Creating a water pollution hazard by depositing up to 20,000 pounds of powdered calcium peroxide upon the land throughout the Site, failing to immediately remove the calcium peroxide from the ground at the Site, and maintaining a pile of calcium peroxide on the ground at the Site from at least July 17, 2019, to December 4, 2020, in violation of Section 12(d) of the Act (415 ILCS 5/12(d) (2022)).

Count V: Causing and allowing litter by causing or allowing the dumping and discarding of calcium peroxide at the Site, and failing to remove the waste until compelled to by the Village of Park Ridge's ordinance enforcement, in violation of Section 21(p)(1) of the Act (415 ILCS 5/21(p)(1) (2022)).

On July 17, 2024, the People and IFI filed a stipulation and proposed settlement, accompanied by a request for relief from the hearing requirement of Section 31(c)(1) of the Act (415 ILCS 5/31(c)(1) (2022)). This filing is authorized by Section 31(c)(2) of the Act (415 ILCS 5/31(c)(2) (2022)), which requires that the public have an opportunity to request a hearing whenever the State and a respondent propose settling an enforcement action without a public hearing. *See* 35 Ill. Adm. Code 103.300(a). The Board provided notice of the stipulation, proposed settlement, and request for relief. The newspaper notice was published in the *Park Ridge Herald-Advocate* on August 15, 2024. The Board did not receive any requests for hearing. The Board grants the parties' request for relief from the hearing requirement. *See* 415 ILCS 5/31(c)(2) (2022); 35 Ill. Adm. Code 103.300(b).

Section 103.302 of the Board's procedural rules sets forth the required contents of stipulations and proposed settlements. *See* 35 Ill. Adm. Code 103.302. These requirements include stipulating to facts on the nature, extent, and causes of the alleged violations and the nature of IFI's operations. Section 103.302 also requires that the parties stipulate to facts called for by Section 33(c) of the Act (415 ILCS 5/33(c) (2022)), which bears on the reasonableness of the circumstances surrounding the alleged violations. IFI does not affirmatively admit the alleged violations. The stipulation also addresses the factors of Section 42(h) of the Act (415 ILCS 5/42(h) (2022)), which may mitigate or aggravate the civil penalty amount. Under the proposed settlement, IFI agrees to pay a civil penalty of \$8,800 within 30 days after the date of this order. The People and IFI have satisfied Section 103.302. The Board accepts the stipulation and proposed settlement.

This opinion constitutes the Board's findings of fact and conclusions of law.
