Dear Mr. Brown,

As a resident of the State of Illinois, I deserve clean air. Everyone in this state, country and plant deserves clean air. You can make this happen.

There are many benefits to zero-emissions trucks and buses and EVs. Cleaner air, less noise pollution, manufacturing jobs, research jobs and short and long-term health benefits for children and adults. Many people are at a high risk from pollutants caused by diesel and gasoline powered vehicles. We can help them. We need clean vehicles now.

Sincerely,
Patricia
