ORDER OF THE BOARD (by I. Goodman):

On November 18, 1981 Petitioner moved to stay the proceedings in this permit denial appeal until final action by the Illinois Environmental Protection Agency (Agency) on its blast furnace operating permit applications included in a plant-wide compliance plan for its South Works, which is currently under review by the Agency.

Having received no objection to this motion from the Respondent, and having received from the Petitioner a waiver of the ninety (90) day decision period until such final action is taken by the Agency, the Motion to Stay is granted. The ninety (90) day decision period will begin anew one day after the Board is notified by petitioner of the Agency's final action on the blast furnace operating permit applications described above.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 3rd day of December, 1981 by a vote of 3-0.
