Subject: [External] Illinois should adopt ACCII, ACT and HDO!
Date: Friday, March 7, 2025 3:42:46 PM

Dear Clerk of the Board Don Brown,

I am writing to support the Advance Clean Cars II program and the Advanced Clean Trucks (ACT) and Heavy-Duty Low-NOx Omnibus (HDO) rules,

We need to move aggressively on this. I have heard several farmers comment on how these new regulation may add cost to their operations. But I am tired of judging the importance of environmental issues just based on money. Agriculture gets plenty of taxpayer funding and support. Farmers should be willing to sacrifice some small cost to better the health of Illinois taxpayers who are already helping subsidize their operations.

I ask that the Illinois Pollution Control Board moves forward with adopting ACCII, ACT, and HDO.

Sincerely,
Donald Gladfelter
Milan, IL 61264-8512
