Dear Don Brown,

Please docket this email as a public comment for R2024-017 in the Matter of Proposed Clean Car and Truck Standards: Proposed Section 35 III. Admin Code 242.

My public comment is in response to the IL EPA. The decision to vote against these clean vehicle standards exemplifies our backwards progress as a nation. It is shameful that this Agency is not protecting Illinois constituents and bending to the will of an authoritarian. These are common-sense advances in clean air protections and the opportunity to bring more clean vehicles and jobs to the area.

I support the Illinois Pollution Control Board adopting the Proposed Clean Car and Truck Standards! These standards are important to the individuals and communities most affected by harmful car emissions and pollution.

Thank you for your time.
