STIPULATION AND PROPOSAL FOR SETTLEMENT

Complainant, PEOPLE OF THE STATE OF ILLINOIS, by KWAME RAOUL, Attorney General of the State of Illinois, the ILLINOIS ENVIRONMENTAL PROTECTION AGENCY ("Illinois EPA"), and A.S.C RECYCLING, INC., d/b/a AUTO SALVAGE CO., an Illinois corporation, ("Respondent"), (collectively "Parties to the Stipulation"), have agreed to the making of this Stipulation and Proposal for Settlement ("Stipulation") and submit it to the Illinois Pollution Control Board ("Board") for approval. This stipulation of facts is made and agreed upon for purposes of settlement only and as a factual basis for the Board's approval of this Stipulation and issuance of relief. None of the facts stipulated herein shall be introduced into evidence in any other proceeding regarding the violations of the Illinois Environmental Protection Act ("Act"), 415 ILCS 5/1, et seq. (2022), and the Board's regulations, alleged in the Complaint except as otherwise provided herein. It is the intent of the Parties to the Stipulation that it be a final adjudication of this matter.

I. STATEMENT OF FACTS

A. Parties

1. On June 9, 2025, a Complaint was filed on behalf of the People of the State of Illinois by Kwame Raoul, Attorney General of the State of Illinois, on his own motion and upon

the request of the Illinois EPA, pursuant to Section 31 of the Act, 415 ILCS 5/31 (2022), against Respondent.

2. The Illinois EPA is an administrative agency of the State of Illinois, created pursuant to Section 4 of the Act, 415 ILCS 5/4 (2022).

3. At all times relevant to the Complaint, Respondent A.S.C. Recycling, Inc. d/b/a Auto Salvage Co., was and is an Illinois corporation that is authorized to transact business in the State of Illinois.

4. At all times relevant to the Complaint, Respondent owned and operated and continues to own and operate an automobile salvage facility located at 21 W. U.S. Hwy 6, Peru Township, Peru, Illinois ("Facility").

5. At all times relevant to this Complaint, Respondent's Facility has had the potential to discharge fuel, motor oil, lubricants, and antifreeze ("Automotive Fluids").

B. Allegations of Non-Compliance

Complainant contends that Respondent has violated the following provisions of the Act and Board regulations:

Count I: Failure to Obtain a General National Pollutant Discharge Elimination System Permit for Industrial Activities in violation of Section 12(f) of the Act, 415 ILCS 5/12(f) (2022), and Section 309.102(a) of the Board Water Pollution Regulations, 35 Ill. Adm. Code 309.102(a); and

Count II: Water Pollution in violation of Section 12(a) of the Act, 415 ILCS 5/12(a) (2022)

C. Non-Admission of Violations

Respondent represents that it has entered into this Stipulation for the purpose of settling and compromising disputed claims without having to incur the expense of contested litigation. By entering into this Stipulation and complying with its terms, Respondent does not affirmatively

admit the allegations of violations within the Complaint and referenced within Section I.B herein, and this Stipulation shall not be interpreted as including such admission.

D. Compliance Activities to Date

On February 28, 2024, the Respondent obtained coverage for the Facility under the National Pollutant Discharge Elimination System ("NPDES") Industrial General Permit for stormwater discharges.

II. APPLICABILITY

This Stipulation shall apply to and be binding upon the Parties to the Stipulation. Respondent shall not raise as a defense to any enforcement action taken pursuant to this Stipulation the failure of any of its officers, directors, agents, employees or successors or assignees to take such action as shall be required to comply with the provisions of this Stipulation. This Stipulation may be used against Respondent in any subsequent enforcement action or permit proceeding as proof of a past adjudication of violation of the Act and the Board Regulations for all violations alleged in the Complaint in this matter, solely for purposes of Section 39 and 42 of the Act, 415 ILCS 5/39 and 5/42 (2022).

III. IMPACT ON THE PUBLIC RESULTING FROM ALLEGED NON-COMPLIANCE

Section 33(c) of the Act, 415 ILCS 5/33(c) (2022), provides as follows:

In making its orders and determinations, the Board shall take into consideration all the facts and circumstances bearing upon the reasonableness or the emissions, discharges, or deposits involved including, but not limited to:

1. the character and degree of injury to, or interference with the protection of the health, general welfare, and physical property of the people;
2. the social and economic value of the pollution source;

3. the suitability or unsuitability of the pollution source to the area in which it is located, including the question of priority of location in the area involved;
4. the technical practicability and economic reasonableness of reducing or eliminating the emissions, discharges or deposits resulting from such pollution source; and
5. any subsequent compliance.

In response to these factors, the Parties to the Stipulation state the following:

1. The Illinois EPA's information gathering responsibilities were hindered by Respondent's violations thereby threatening human health and the environment.
2. There is social and economic benefit to Respondent's Facility.
3. Operations of Respondent's Facility was and is suitable for the area in which it is located, so long as they are operated in compliance with the Act and the Board regulations.
4. The timely submission of NPDES permit applications is both technically practicable and economically reasonable.
5. Respondent has subsequently complied with the Act and the Board regulations.

IV. CONSIDERATION OF THE SECTION 42(h) FACTORS

Section 42(h) of the Act, 415 ILCS 5/42(h) (2022), provides as follows:

In determining the appropriate civil penalty to be imposed under . . . this Section, the Board is authorized to consider any matters of record in mitigation or aggravation of penalty, including but not limited to the following:

1. the duration and gravity of the violation;
2. the presence or absence of due diligence on the part of the respondent in attempting to comply with requirements of this Act and regulations thereunder or to secure relief therefrom as provided by this Act;
3. any economic benefits accrued by the respondent because of delay in compliance with requirements, in which case the economic

benefits shall be determined by the lowest cost alternative for achieving compliance;

4. the amount of monetary penalty which will serve to deter further violations by the respondent and to otherwise aid in enhancing voluntary compliance with this Act by the respondent and other persons similarly subject to the Act;
5. the number, proximity in time, and gravity of previously adjudicated violations of this Act by the respondent;
6. whether the respondent voluntarily self-disclosed, in accordance with subsection i of this Section, the non-compliance to the Agency;
7. whether the respondent has agreed to undertake a “supplemental environmental project”, which means an environmentally beneficial project that a respondent agrees to undertake in settlement of an enforcement action brought under this Act, but which the respondent is not otherwise legally required to perform; and
8. whether the respondent has successfully completed a Compliance Commitment Agreement under subsection (a) of Section 31 of this Act to remedy the violations that are the subject of the complaint.

In response to these factors, the Parties to the Stipulation state as follows:

1. Respondent failed to timely submit an NPDES Industrial General Permit application for the Facility. The violation began on or around November 2, 2022, and on February 28, 2024, Respondent resolved the violation by obtaining coverage under an NPDES Industrial General Permit for stormwater discharges.
2. Respondent was diligent in attempting to come back into compliance with the Act, Board regulations, and applicable federal regulations, once the Illinois EPA notified it of its noncompliance.
3. The civil penalty takes into account any economic benefit realized by Respondent as a result of avoided or delayed compliance.

4. Complainant has determined, based upon the specific facts of this matter, that a penalty of Fifteen Thousand Dollars (\$15,000.00) will serve to deter further violations and aid in future voluntary compliance with the Act and Board regulations.

5. To Complainant's knowledge, Respondent has no previously adjudicated violations of the Act or Board regulations.

6. Self-disclosure is not at issue in this matter.

7. The settlement of this matter does not include as supplemental environmental project.

8. A Compliance Commitment Agreement was not at issue in this matter.

V. TERMS OF SETTLEMENT

A. Penalty Payment

Respondent shall pay a civil penalty in the sum of Fifteen Thousand Dollars (\$15,000.00) within thirty (30) days from the date the Board adopts and accepts this Stipulation.

B. Stipulated Penalties, Interest, and Default

1. If Respondent fails to make any payment required by this Stipulation on or before the date upon which the payment is due, Respondent shall be in default and the remaining unpaid balance of the penalty, plus any accrued interest, shall be due and owing immediately. In the event of default, Complainant shall be entitled to reasonable costs of collection, including reasonable attorney's fees.

2. Pursuant to Section 42(g) of the Act, 415 ILCS 5/42(g), interest shall accrue on any penalty amount owed by Respondent not paid within the time prescribed herein. Interest on unpaid penalties shall begin accrue from the date such are due and continue to accrue to the date full

payment is received. Where partial payment is made on any penalty amount that is due, such partial payment shall be first applied to any interest on unpaid penalties then owing.

3. The stipulated penalties shall be enforceable by Complainant and shall be in addition to, and shall not preclude the use of, any other remedies or sanctions arising from the failure to comply with this Stipulation.

C. Payment Procedures

1. All payment required by this Stipulation shall be made by certified check or money order payable to the Illinois EPA for deposit into the Environmental Protection Trust Fund ("EPTF"). Payments shall be sent by first class mail and delivered to:

Illinois Environmental Protection Agency
Fiscal Services Division
2520 W. Iles Ave.
P.O. Box 19276
Springfield, IL 62704

2. The case name and case number shall appear on the face of the certified check or money order.

3. A copy of the certified check or money order and any transmittal letter shall be sent to:

D. Future Compliance

1. Respondent shall timely submit all future applications and renewal applications for its National Pollutant Discharge Elimination System Industrial General Permit to the Illinois EPA.

2. In addition to any other authorities, the Illinois EPA, its employees and representatives, and the Attorney General, his employees and representatives, shall have the right of entry into and upon Respondent's Facility which is the subject of this Stipulations, at all reasonable times for the purposes of conducting inspections and evaluating compliance status. In conducting such inspections, the Illinois EPA, its employees and representatives, and the Attorney General, his employees and representatives, may take photographs, samples, and collect information, as they deem necessary.

3. This Stipulation in no way affects the responsibilities of Respondent to comply with any other federal, state, or local laws or regulations, including but not limited to the Act and the Board Regulations.

4. Respondent shall cease and desist from future violations of the Act and Board Regulations that were the subject matter of the Complaint.

E. Release from Liability

In consideration of Respondent's payment of the Fifteen Thousand Dollars (\$15,000.00) penalty, its commitment to cease and desist as contained in Section V.D.4 above, completion of all activities required hereunder, and upon the Board's approval of this Stipulation, the Complainant releases, waives and discharges Respondent from any further liability or penalties for the violations of the Act and Board regulations that were the subject matter of the Complaint herein. The release set forth above does not extend to any matters other than those expressly specified in the Complainant's Complaint filed on June 9, 2025. The Complainant reserves, and this Stipulation is without prejudice to, all rights of the State of Illinois against Respondent with respect to all other matters, including but not limited to, the following:

- a. criminal liability;

- b. liability for future violations of state, federal, local, and common laws and/or regulations;
- c. liability for natural resources damage arising out of the alleged violations; and
- d. liability or claims based on Respondent's failure to satisfy the requirements of this Stipulation.

Nothing in this Stipulation is intended as a waiver, discharge, release, or covenant not to sue for any claim or cause of action, administrative or judicial, civil or criminal, past or future, in law or in equity, which the State of Illinois may have against any person, as defined by Section 3.315 of the Act, 415 ILCS 5/3.315, or entity other than Respondent.

F. Enforcement and Modification of Stipulation

Upon the entry of the Board's Order approving and accepting this Stipulation, that Order is a binding and enforceable Order of the Board and may be enforced as such through any and all available means.

[REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

G. Execution of Stipulation

The undersigned representatives for the Parties to the Stipulation certify that they are fully authorized by the party whom they represent to enter into the terms and conditions of this Stipulation and to legally bind them to it. This Stipulation may be executed by the parties in one or more counterparts, all of which taken together shall constitute one and the same instrument.

WHEREFORE, the Parties to the Stipulation request that the Board adopt and accept the foregoing Stipulation and Proposal for Settlement as written.
