CONCURRING OPINION (by J. Theodore Meyer):

I concur with today's Order of the Board in the above-captioned matter, but for different reasons than those of my colleagues. The statute is quite clear and it was the intention of the legislature that once the local siting board had completed the record, that record was to be sent to the Board for review, if requested. It was not the intention of the legislature that there should be endless rehearings. For that reason, I supported my colleagues' position and voted "no" on the Petition for Reconsideration.

 Board Member

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board hereby certify that the above Concurring Opinion was filed on the 12th day of September, 1984.

 Dorothy M. Gunn, Clerk
