ORDER OF THE BOARD (by Mr. Dumelle);

On August 29, 1977 Petitioner requested an extension of its variance to allow for the operation of its existing sewage treatment facilities until the Godfrey Sewer Plant is completed.

The petition is inadequate in two respects. First, it does not state how long the extension of its variance should run. Second it does not state whether a hearing is requested or waived as required by the Board's Procedural Rule 401(b).

Petitioner is hereby ordered to correct these deficiencies within 45 days of the date of this Order or face dismissal. The 90 day decision period shall run from the date this petition is amended.

IT IS SO ORDERED.

I, Christian L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 1st day of September, 1977, by a vote of 5-0.
