ORDER OF THE BOARD (by Mr. Dumelle):

On June 15, 1979 Petitioner requested a variance from the water quality and effluent standards for sulfate and total dissolved solids. The Petition is deficient in several respects. First, it fails to state the length of time a variance is needed as required by Procedural Rule 401(a). Second, it fails to relate concentrations of pollutants to flow and fails to identify the receiving waterways as required by Procedural Rule 401(a)(4). Third, it fails to adequately assess the environmental impact of the requested relief as required by Procedural Rule 401(a)(7). If these deficiencies are not corrected within 45 days of the date of this Order, this matter will be subject to dismissal. The statutory ninety day decision period shall run from the date an amended petition is filed.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 22nd day of June, 1979 by a vote of 5-0.
