BOARD BUDGET FINALIZED FOR FISCAL YEAR 1993

In the last issue of the Environmental Register, the Board posed several programmatic consequences of funding cuts that had been proposed by the legislature. At the end of the legislative session, many of the funding cuts were rescinded. In addition, the legislature authorized the Board to receive increased funding from the Permit & Inspection Fund (PIF).

Due to these changes, the Board expects to meet its

normal hearing obligations and to restore a portion of its scientific/technical support function in fiscal year 1993, which began July 1, 1992. However, several possibilities still exist that could force the Board to delay hearings unless additional resources are provided. Such possibilities include a greater than expected number of Clean Air Act rulemakings, a large increase in enforcement cases due to the pending People v. NL Industries case, and a shift in the Board's caseload to more resource intensive cases.

RULEMAKING UPDATE

DEADLINE EXTENDED IN SDWA UPDATE, R91-3

On June 23, 1992, the Board entered an order in the Safe Drinking Water Act (SDWA) update that includes USEPA regulations adopted during the period from January 1 through June 30, 1991. Basically, USEPA adopted the "Phase II" and certain microbiological rules during this time-frame. The Board adopted a proposal for public comment on March 11, 1992. The Board's order effectively extends the deadline for final Board action in this matter until October 1, 1992. The reasons stated for the delay in adoption of a final rule are unusual difficulties in adapting the federal rules to the Illinois format, the numerous public comments received, and the delay in receiving answers to several questions addressed to USEPA. Questions should be directed to Michael J. McCambridge at 312-814-6924.

DEADLINE EXTENDED IN RCRA UPDATE, R92-1

On June 23, 1992, the Board entered an order in the Resource Conservation and Recovery Act (RCRA) update that includes USEPA regulations adopted during the period from July 1 through December 31, 1991. Basically, USEPA adopted changes to the groundwater monitoring requirements for interim status facilities. The docket includes Board-initiated revisions to the corrosivity characteristic test used for hazardous waste determinations. The Board adopted a proposal for public comment on May 7, 1992. The Board's order effectively extends the deadline for final Board action in this matter until September 3, 1992. The reasons stated for the delay in adoption of a final rule are the unusual size of the dockets in R91-3, the presently pending SDWA update, and R91-13, the recently-adopted, previous RCRA update, and the numerous corrections ultimately effected to R91-3. Questions should be directed to Morton Dorothy at 217-333-5575.

FIRST DISTRICT UPHOLDS BOARD LANDFILL RULES, R88-7

A June 11, 1992 decision by the First District Court of Appeals, in Waste Management of Illinois, Inc. v. PCB, (June 11, 1992), upheld the Board's non-hazardous waste landfill rules (35 Ill.

APPEAL UPDATE

FIFTH DISTRICT REVERSES BOARD IN LANDFILL SITING APPEAL, PCB 90-137

The Fifth District Appellate Court reversed and remanded the Board's decision in Worthen, et al v. Village of Roxana (Nov. 29, 1991) PCB 90-137. In Laidlaw Waste Systems, Inc. v. PCB (June 18, 1992), the court determined that the Board erred when it determined that the Village of Roxana did not have jurisdiction, pursuant to Section 39.2(m) of the Environmental Protection Act, to approve an application for expansion of a local landfill because it was "substantially the same" as one filed within two years. Laidlaw's predecessor in interest had filed an application for local approval of the facility with Madison County on August 19, 1987. The county denied the application on February 8, 1988. The Laidlaw subsequently acquired the property, and the Village of Roxana annexed it. Laidlaw filed a new application for approval of an expansion with the Village on January 2, 1990. The Village granted siting approval, but the Board reversed when several intervenors appealed. Laidlaw appealed the Board's decision to the Fifth District, which reversed and remanded the matter to the Board.

The appellate court agreed with the Board that the January 2 application was filed within two years of the earlier application because it is the date of the prior decision that controls under Section 39.2(m), and not the date of the earlier filing. However, the court determined that the Board erred when it decided that the earlier application was "substantially the same" as the earlier application. The court concluded that the Board had conducted a *de novo* review of the record on this point, rather than adhering to the "manifest weight" standard of review of the local approval.

The court concluded that the Board erred when it held that an application involving an expansion of the same facility was "substantially the same" as a matter of law. Justice Harrison dissented from the court's decision. He would have reversed the Board's decision outright and made the "substantially the same" determination based on the face of the earlier and later applications as a matter of law.

Adm. Code 810-815). The Board adopted a comprehensive new set of landfill rules on August 17, 1990, in docket R88-7. The Board had directed its own Scientific and Technical Section to review the record of an earlier dismissed rulemaking proceeding and derive its own proposal for Board rulemaking. Therefore, Board staff acted as the proponent for the rules ultimately

adopted by the Board. Waste Management of Illinois appealed the rules to the First District, challenging them on several bases.

The First District affirmed the Board in part and reversed in part.

Waste Management agreed with most of the rules involved, but it challenged certain provisions as arbitrary and capricious. The provisions challenged on this basis relate to ambient air and groundwater monitoring, a 100 year guarantee of groundwater quality within 100 feet of the landfill, and a requirement that landfill gas processing centers remain under the control of the landfill operator under certain circumstances. Waste Management challenged certain others of the rules as beyond the Board's statutory authority. These included landfill construction quality assurance, a gross revenue financial assurance test for commercial landfills, a provision for reconsideration by the Illinois E.P.A. of its landfill permit decisions, and a provision for unilateral modification of landfill permits by the E.P.A. under certain circumstances. Waste Management further challenged the Board's use of its own staff to develop and propound the rules.

The court reversed two rules as beyond the Board's authority. The court held that the provision for E.P.A. reconsideration delayed finality of E.P.A. determinations in derogation of the statute. It felt that the Environmental Protection Act imposes a deadline for such permit decisions, and the provision for reconsideration was open-ended. The court also held that the ambient air monitoring requirement, which incorporated a list of air toxics that the Board had not yet promulgated, was beyond the Board's statutory authority. It felt that inclusion of a reference to rules not yet promulgated did not allow public hearing and comment on the monitored species. The First District rejected all other legal and factual arguments and upheld all other provisions of the regulations.

FOR YOUR INFORMATION

ADJUSTED STANDARDS DETERMINATIONS LIST

Pursuant to Section 28.1(d)(3) of the Environmental Protection Act, the Board is publishing in this issue of the Environmental Register a list of all final determinations on adjusted standards made within fiscal year 1992 (July 1, 1991 through June 30, 1992). Accompanying that listing is a list of all final determinations on combined sewer overflow exceptions during the fiscal year. To receive a copy of any of these determinations, please write to the Clerk of the Board and specify the docket number of the case.

PUBLIC WATER SUPPLIES RESTRICTED STATUS AND CRITICAL REVIEW LISTS

The Illinois Environmental Protection Agency, Division of Public Water Supplies, Permit Section, is publishing copies of the Division's Restricted Status and Critical Review lists in this issue of the Environmental Register. The lists are being published at the end of this issue as part of the quarterly notification to the public. The lists have been slightly modified to reflect changes made since the previous publication in the April 8, 1992 issue.

UPDATE TO ENVIRONMENTAL REGISTER MAILING LIST

The Board is updating the mailing list for the Environmental Register. This is the second annual update of the mailing list for the mailings of the Register. The Board desires to minimize the impact of these mailings on our budget by assuring that only those who desire to receive regular free copies of the Register will appear on the list. If you would like to continue to receive it after July 1, 1992, please fill out the address label located on the next to last page of this issue and return it to the Board as soon as possible.

INFORMATION SERVICES AVAILABLE FROM THE BOARD

See the inside of the last page of this issue for details on informational items available from the Board. These items include a subscription service for Board opinions and orders and copies of the landfill regulations in electronic format.

FINAL ACTIONS - JUNE 23, 1992 BOARD MEETING

AS 91-7 In the Matter of: Petition of the Decatur Sanitary District for Adjusted Standard from 35 Ill. Adm. Code 306.305(b) - The Board granted the District an adjusted standard for its Macon County wastewater treatment facility from the combined sewer overflow disinfection requirement of 35 Ill. Adm. Code 306.305(b) of the water pollution control regulations.

AC 92-45 IEPA v. Leroy Brown and Sons, Inc. (Leroy Brown #2) - The Board dismissed this matter. The Agency acknowledged that it did not effect service on the respondent within 60 days of the inspection.

AC 89-224 IEPA v. John Vander - The Board denied Southern Illinois Asphalt Company's request for relief from the imposition of \$ 1,225.01 in hearing costs assessed against John Vander by the Board's order of April 23, 1992. Southern Illinois lacked standing and the motion for reconsideration was untimely filed.

PCB 90-53 Industrial Fuels & Resources/Illinois, Inc. v. City of

Harvey - The Board entered an order construing the appellate court's mandate as meaning that the Industrial Fuels & Resources/Illinois, Inc. Cook County site location is considered approved and no further action by the Board or the Harvey City Council is necessary for Industrial Fuels to proceed forward with the permitting process before the Agency. The docket was closed.

PCB 91-221 Manito/Waddell Airport, RRI v. IEPA - The Board granted voluntary withdrawal and dismissed with prejudice Manito/Waddell Airport's underground storage tank reimbursement appeal.

PCB 91-232 Lyons/Paulina Kerpec Trust #103 v. IEPA - The Board granted granted voluntary withdrawal and dismissed Lyons/Paulina Kerpec Trust's underground storage tank reimbursement appeal.

PCB 92-36 City of Lake Forest v. IEPA - The Board affirmed the Agency's January 27, 1992 determination that the \$ 36,924 corrective action cost from an unregistered 750 gallon gasoline tank removed from Deerpath Golf Course was ineligible for reimbursement from the UST fund. The tank was exempt from registration by the Office of the State Fire Marshal because it was removed from service before January 1, 1974. Board Member J. Anderson dissented.

NEW CASES - JUNE 23, 1992 BOARD MEETING

PCB 92-86 Mercantile Bank of St. Louis, N.A. Personal Representative of the Estate of Ullus Gudder v. IEPA - Petitioner asked for review of an Underground Storage Tank Reimbursement determination for its Effingham County facility. Accepted for hearing.

PCB 92-89 Lawrence Brothers, Inc. v. IEPA - The Board accepted Lawrence Brothers, Inc.'s petition for air permit review for its Whiteside County facility for hearing and granted the Agency's motion for extension of time to file its recommendation.

PCB 92-87 Ramada Hotel O'Hare v. IEPA - Petitioner asked for review of an Underground Storage Tank Reimbursement determination for its Cook County facility. Accepted for hearing.

PCB 92-90 Robertson-CECO Corp. v. IEPA - The Board accepted this petition for a RCRA variance for hearing.

PCB 92-88 Southern Food Park, Inc., an Illinois Corporation v. IEPA - Petitioner asked for review of an Underground Storage Tank Reimbursement determination for its Franklin County facility. Accepted for hearing.

PCB 92-93 People of the State of Illinois v. International Supply Co. - The Board ordered the Clerk to cause publication of the required newspaper notice for public hearing on the proposed stipulation and settlement agreement in this air enforcement proceeding.

FINAL ACTIONS - JUNE 26, 1992 SPECIAL BOARD MEETING

AC 91-37 IEPA v. Hubert Larson and John Strange - The Board dismissed this matter. The Board ordered a default against the respondent after a hearing required by an earlier order did not occur by the deadline set forth. The parties had represented that they had settled the matter when they requested cancellation of the hearing.

Agency recommendation, the Board granted the City of Trenton's Clinton County facility a provisional variance, with conditions, from the water pollution control regulations to allow an opportunity for facility repairs and cleaning.

PCB 91-67 Manville Sales Corp. v. IEPA - The Board granted voluntary withdrawal of the petition and dismissed this air permit appeal.

PCB 92-97 City of Marion v. IEPA - Upon receipt of an Agency recommendation, the Board granted the City of Marion's Williamson County facility a provisional variance, with conditions, from the water pollution control regulations to allow an opportunity for facility repairs and cleaning.

PCB 92-96 City of Trenton v. IEPA - Upon receipt of an

**Illinois Environmental Protection Agency
Division of Public Water Supplies
Restricted Status List -- Public Water Supplies**

The Restricted Status List was developed to give additional notification to officials of public water supplies which are in violation of 35 Ill. Adm. Code, Subtitle F: Public Water Supplies, Chapter I or the Illinois Environmental Protection Act.

The Restricted Status List will include all Public Water Supplies for which the Agency has information indicating a violation of any of the following requirements: Finished water quality requirements of 35 Ill. Adm. Code, Part 604, Subparts B and C; maintenance of adequate pressure on all parts of the distribution system under all conditions of demand; meeting raw water quantity requirements of 35 Ill. Adm. Code 604.502; or maintenance of treatment facilities capable of providing water "assuredly adequate in quantity" as required by Section 18 of the Illinois Environmental Protection Act.

A public water supply on the Restricted Status List will not be issued permits for water main extensions, except for certain limited situations, or unless the supply has been granted a variance from the Illinois Pollution Control Board for the violation, or from permit issuance requirements of Section 39 of the Act.

This list is continually being revised as new information becomes available, and therefore, specific inquiries as to the status of any public water supply should be directed to the Division of Public Water Supplies for final determination. This list reflects the status as of July 1, 1992.

**Illinois Environmental Protection Agency
 Division of Public Water Supplies
 Critical Review List -- Public Water Supplies**

July, 1992

The Critical Review List was developed to give additional notification to officials of public water supplies which may be close to being in violation of 35 Ill. Adm. Code, Subtitle F: Public Water Supplies, Chapter I or the Illinois Environmental Protection Act.

A supply will be placed on the Critical Review List when Agency records indicate that it is approaching any of the violations which would place it on the Restricted Status List.

This list is continually being revised as new information becomes available, and therefore, specific inquiries as to the status of any public water supply should be directed to the Division of Public Water Supplies for final determination.

This list reflects the status as of July 1, 1992.

* Indicates public water supplies which have been added to the list since the previous publication.

** Indicates actions are being taken by officials to bring the public water supply into compliance.

ENVIRONMENTAL INFORMATION SERVICES
AVAILABLE FROM THE BOARD

The Board has the following information available:

SUBSCRIPTION SERVICE OF BOARD OPINIONS AND ORDERS. The subscription service comprises all the Opinions and Orders issued by the Pollution Control Board in a fiscal year (July 1 through June 30). The Board meets approximately twice monthly in order to issue Opinions and Orders.. Usually no later than the 15th day of each month, a volume is issued containing the Opinions and Orders of the Board from the preceding month.

Two formats will be offered starting July 1 of this year (FY93): a hard paper copy for \$350.00 per year and an electronic version for \$275.00 per year. The electronic version will consist of Opinions and Orders in the WordPerfect 5.1 (DOS) format on either 3.5" or 5.25" inch diskettes. The electronic format will allow for word searches and other useful tools provided by the WordPerfect software.

When ordering, please specify the choice of either the hard copy or electronic version. If ordering the electronic version, please specify 3.5" or 5.25" diskettes.

LANDFILL REGULATIONS. This consists of the Board's landfill regulations and other supporting background documentation. This is offered only in an electronic version which consists of WordPerfect 5.1 (DOS) on either 3.5" or 5.25" inch diskettes. The electronic format will allow for word searches and other useful tools provided by the WordPerfect software. The cost is \$100.00.

When ordering, please specify the choice of either the 3.5" or 5.25" diskettes.

All checks should be made payable to the Pollution Control Board. Direct all orders to Joe D'Alessandro, Fiscal Officer, Pollution Control Board, 100 West Randolph Room 11-500, Chicago, Illinois 60601.

ENVIRONMENTAL REGISTER NEWSLETTER FOR THE LATEST DEVELOPMENTS

The Environmental Register is a newsletter published by the Board after every Board meeting. The Register provides updates on rulemakings, lists the final actions taken at the Board meeting, contains the Board's hearing calendar and provides other useful information on environmental issues.
