 Respondent.)

ORDER OF THE BOARD (by Mr. Goodman):

CPC International, Inc. seeks variance from the particulate emission standard of Rule 203(g)(1) and compliance date of Rule 203(i)(4) (Chapter 2) for a coal-fired steam generator at its Pekin, Illinois corn wet milling plant. In the case of Commonwealth Edison Company v. Pollution Control Board, the Illinois Supreme Court reversed and remanded the Board's adoption of Rule 203(g)(1). Rule 203(i)(4) is meaningful only in conjunction with Rule 203(g). A request for variance from the above-cited specific rules is, therefore, inappropriate at the present time. The petition for variance is hereby dismissed without prejudice.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 26th day of February, 1976 by a vote of 5-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
