INTERIM ORDER OF THE BOARD (by Mr. Dumelle):

On June 6, 1977, Respondent filed a motion for reconsideration in this matter asking that the monetary penalty of \$10,000 be reduced or eliminated. Among the many reasons stated by Respondent in support of its motion for reconsideration were the allegations that it is one of the smallest firms in the mineral wool industry, that it has limited capital and borrowing ability, and that its viability would be directly affected by the amount of the fine.

Before the Board can rule finally on the Respondent's motion for reconsideration it will need more information concerning the Respondent's financial and competitive status. Within 21 days of the date of this order, Respondent shall submit documentation to the Board which demonstrates its financial condition, quantifies the effect of the present penalty, and establishes the size of its business in relation to its competitors.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 28th day of June, 1977 by a vote of 4-0.
