ORDER OF THE BOARD (by Mr. Dumelle):

The Amendment to the Petition filed May 31, 1977 in answer to the Board Order of May 12, 1977 is not adequate. The Petitioner has the burden of proof in a variance proceeding and should itself obtain and submit non-conclusory information on the condition of the receiving stream. What the Board desires to know is whether sludge deposits or algae growth are present or whether odors are being emitted from the stream, etc.

Petitioner shall file a second Amended Petition within 45 days from the date of this Order in answer to the above.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Opinion and Order were adopted on the 9th day of June, 1977 by a vote of 50.
