P.c. #161

Dear Ms. Gunn,

RE: Natural Gas Fired, Peak-Load Electrical Power  
Generating Facilities, Docket # R01-10

Before a Peaker Plant is allowed to be  
built in Illinois, please consider  
the threat to the environment —  
air pollution, noise pollution, and water  
pollution.

If a Peaker plant is located in Big Rock,  
it will destroy a major portion of our  
small agricultural landscape which  
we have fought to maintain.

Please - study the plans on the NO<sub>x</sub> SIP  
before further plans are acted upon.  
As a resident of Big Rock, I do NOT  
want my community (and our prime  
agricultural land) to be disturbed/destroyed.  
Sincerely,  
Marie Thurou
