PROPOSAL FOR RULEMAKING. SUBMITTED BY THE ENVIRONMENTAL
PROTECTION AGENCY.

ORDER OF THE BOARD (by J. Anderson):

On June 12, 1980 in R80-9 the Board authorized hearings on the proposal of the Mining Industry Task Force on Impulsive Noise and Vibration (Task Force) to postpone the compliance date established in Rule 209(f) of Chapter 8: Noise Regulations.

On July 10, the Environmental Protection Agency (Agency) filed a proposal to delete Rule 209(f) entirely and to amend Rule 206 in certain respects to establish interim noise standards. Additions are proposed to Rule 101 "Definitions," as well as to Rule 208 "Exceptions." The Agency proposal has been assigned docket number R80-10.

In the interests of administrative convenience, and pursuant to Procedural Rule 204(e), the Task Force and Agency proposals will be consolidated.

Consolidated substance and economic impact hearings have been set for August 12 and 13 concerning the Task Force proposal. The Agency is hereby requested to present evidence and testimony concerning its proposal at that time.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 16th day of July, 1980, at a vote of 5-0.
