ORDER OF THE BOARD (by R.C. Flemal):

On November 24, 1999, petitioner, The C.P. Hall Company (C.P. Hall), filed a motion for consolidation of two variance petitions, PCB 00-53 and PCB 00-54, for the limited purpose of hearing. The petitions address operations at the same facility and seek identical relief from related provisions of the Board's regulations. The main substantive difference between the two petitions is that PCB 00-53 covers one specific condenser and PCB 00-54 covers all batch operations. C.P. Hall indicates that the Illinois Environmental Protection Agency supports consolidation.

Pursuant to 35 Ill. Adm. Code 103.141, the Board may consolidate variances in the interest of a convenient, expeditious and complete determination of claims. The Board finds that these interests are present in the instant matter, and accordingly grants the motion to consolidate the two variance petitions for the purpose of hearing. The caption reflects today's ruling.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 2nd day of December 1999 by a vote of 6-0.

Dorothy M. Gunn, Clerk  
Illinois Pollution Control Board
