ORDER OF THE BOARD (by Mr. Young):

On July 22, 1976, the Atlas Building Company and the City of Peru filed a petition for variance with the Board. The petition is inadequate in that it does not contain any information relative to the frequency, severity and duration of the overflows. Furthermore, the petition does not contain any information relative to the dry weather performance of the collection system.

It is the Order of the Board that Petitioners shall amend the petition within 45 days of this Order. Failure to timely file an amended petition shall cause the petition to be denied without prejudice for inadequacy. The 90-day decision period set by Section 38 of the Environmental Protection Act shall run from the date of the filing of the amended petition.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 5th day of August, 1976 by a vote of 5-0.
